Pie in the Park 5k Run/Walk

Sunday, October 18th, 2009 at 5pm in Oregon, WI

I am participating in a 5k Run/Walk to help support DiscoverHope Fund. DiscoverHope Fund gives small microcredit loans to women in poverty who are living on less than $2 a day in developing countries. Through microcredit loans and development, education, and training, they seek to provide opportunity for women to create their own personal power and ownership and ultimately lift themselves out of poverty. **I would greatly appreciate any donation you can make towards their efforts and to support my participation in this event.**
